

SADHA SHIVAM

FRONTEND DEVELOPER

CONTACT

- Phone : 8328285571
- Email : sadhashivamp.320@gmail.com
- Location : Hyderabad, 500035
- LinkedIn : <https://www.linkedin.com/in/sadha-shivam-pendem-673797146/>
- Github : <https://github.com/sadhashivamp>

SKILLS

- Languages:** HTML, CSS, JavaScript, TypeScript
- Frontend Frameworks/Libraries:** React.js, Redux, Redux- Toolkit, Next.js
- Backend Frameworks/Libraries:** Node.js, Express.js
- Database :** MongoDB
- UI Libraries/Tools:** Material UI, Tailwind CSS, Bootstrap
- Testing:** Jest, Enzyme
- Development Tools/Platforms:** Jira, VS Code
- Version Control:** Npm, Webpack, Git, GitLab, Bitbucket
- Code Quality Tools:** SonarQube
- Leadership:** Code Reviewer

EDUCATION

Graduated in Software Product Engineering

School Of Accelerating Learning (SOAL),
Hyderabad, **2021 - 2022**

Bachelor of Engineering in Mechanical

Swami Rama Nanda Tirtha Institute of Science
And Technology, **2011 - 2015**

MPC

Gouthami Junior College, **2009 - 2011**

SUMMARY

Experienced front-end developer with a passion for crafting responsive and intuitive web applications. Proficient in HTML, CSS, JavaScript, React, and TypeScript Redux Toolkit, with a proven track record of delivering successful projects and seamlessly integrating APIs. Seeking to leverage expertise in a collaborative and dynamic environment to drive innovation and exceed client expectations.

EXPERIENCE

Front-End Developer (React JS)

Extended Web AppTech

March 2022 - February 2024

- Spearheaded multiple projects focused on designing responsive user interfaces and seamlessly integrating APIs using TypeScript.
- Developed cutting-edge web applications with a strong emphasis on ES6 concepts.
- Leveraged both Functional and Class components, implementing advanced techniques such as Higher Order Components (HOC), Custom Hooks, and Context API to optimize code structure and eliminate prop drilling.
- Utilized Material UI to ensure consistency and efficiency in UI design.
- Conducted comprehensive unit testing using JEST, Enzyme, and React Testing Library to ensure robustness and reliability of applications.
- Led internal projects and actively contributed to client projects, driving innovation and delivering high-quality solutions.
- Facilitated code reviews for junior developers, ensuring adherence to best practices and maintaining code quality standards.
- Implemented and monitored SonarQube for continuous improvement in code quality and performance.

Design Engineer

Research Centre Imarat (DRDO), Hyderabad

2015 - 2017

- Designed intricate 3D mechanical components using SolidWorks, CATIA, and AutoCAD, ensuring precision and adherence to project requirements.
- Utilized CoventorWare tool for meshing to conduct comprehensive analysis of mechanical systems, optimizing performance and functionality.
- Collaborated closely with cross-functional teams to seamlessly integrate designs into ongoing projects, fostering effective communication and achieving project milestones efficiently.

ADDITIONAL SKILLS

- Excellent communication and collaboration abilities
- Strong problem-solving and analytical skills
- Team Player
- Ability to learn new technologies quickly and adapt to changing environments
